Haunted Walks Inc. Purchases Conference Aide Tours

OTTAWA, January 28, 2010 – Haunted Walks Inc. and Conference Aide Tours engaged in strategic discussions over the course of 2009 to discover how the two organizations could better work together to serve the needs of our customers, our employees and our industry. As a result, Haunted Walks Inc. is pleased to announce that it has agreed to purchase Conference Aide Tours and will deliver many of the services the company has offered for almost 25 years.

“This is an exciting new opportunity for us,” says Glen Shackleton, Director of Haunted Walks Inc. “With a combined total of 40 years experience in the tour guide industry, we will be able to develop new and innovative tours, making us a one-stop-shop for sightseeing in Ottawa.”

On December 31st, 2009, Conference Aide Tours became a division of Haunted Walks Inc. The services Haunted Walks Inc. is now delivering include step-on guiding, sightseeing tours and providing destination representatives for the delivery of single or multi-day itineraries. All other services (itinerary planning, ground transportation and convention services) previously offered by Conference Aide Tours, continue to be provided by DMC Ottawa, which is part of the Intertask Group of Companies.

“We look forward to a smooth transition by merging the experiences of both organizations,” says Shackleton. “Our two companies have always shared a strong emphasis on providing excellent tours that explore the nation’s capital. Maintaining this standard of excellence is our highest priority.”

Haunted Walks Inc., was founded in 1995, and offers a variety of unique historical walking tours in both Kingston and Ottawa, Ontario. We are best known for our evening tours of local ghost stories and darker history. These tours take place when the lights are low and the atmosphere is just right for a good ghost story. You may recognize our Tour Guides who wear cloaks and carry a lantern as they lead their groups through the quiet city streets. All of our stories are thoroughly researched and will delight even the skeptics in the group!
